What would Jesus drink?

The answer is not as easy to find as one might think. Was Jesus really the miraculous bartender by creating wine at a wedding, as some have said? Did Jesus really drink wine at the Last Supper? Was the wine in the Bible really grape juice? Is drinking wine, beer or liquor a sin, or just a personal preference? Should a Christian abstain anyway, even if it's not a sin?

Brad Whittington decided to dig deeper, to find every verse in the Bible that touched on this topic, and figure it out. This book is a quick read, a chronicle of that search and his conclusions. It includes a list of all 247 verses in the Bible related to wine and strong drink in both KJV and NIV and a bibliography for further reading.

This work has been quoted on dozens of websites, print magazines and books. Now you can read it in full for yourself and make your own decision.

BRAD WHITTINGTON, an award-winning novelist, was born in Fort Worth, Texas, on James Taylor's eighth birthday and Jack Kerouac's thirty-fourth birthday and is old enough to know better.
